

## 10: Physical Environment

---

**Kidz Enterprise is committed to providing children with a stimulating and safe environment. We will do all we can to make our premises welcoming and friendly to children, their parents/carers and any other visitors.**

Kidz Enterprise's premises are safe, secure and adequately spacious for its purpose. The environment and atmosphere of Kidz Enterprise is welcoming to children and offers access to the necessary facilities for a broad and varied programme of activities.

Kidz Enterprise is committed to taking every possible step to ensure that all children have equal access to facilities, activities and play opportunities; including children with special educational needs and/or disabilities (for further details see the Special Needs policy).

Kidz Enterprise's premises comply with all the requirements of the Disability Discrimination Act 2005 and 1995 and all other relevant regulations and guidance.

The manager is responsible for ensuring that Kidz Enterprise's premises are clean, well lit with daylight the main source of light, adequately ventilated and maintained at an appropriate temperature. Daily risk assessments are carried out, in accordance with the Risk Assessment policy, to ensure that the facilities are maintained in a suitable state of repair and decoration.

During the opening hours, the premises are used by and solely available to Kidz Enterprise, its staff and the children, as far as this is possible.

Kidz Enterprise will do all it can to maintain an open room layout, allowing children to choose from a variety of play opportunities. All children will have adequate space to play and interact freely (a minimum of 2.3 square metres space per child aged 4-7 years).

There is adequate space for storing the entire Club's equipment safely and securely.

Under normal circumstances, staff will ensure that there is one toilet and one wash basin with hot and cold water available for every 10 children, ensuring an adequate balance between male and female facilities.

No child will be left unsupervised in the kitchen area

Members of staff will have access to a telephone on Kidz Enterprise's premises at all times.

### Outdoor Play

Any outdoor play will take place in safe secure and well-supervised spaces. A thorough safety check and risk assessment will take place before any outdoor activities commence.

Outdoor play areas will be well maintained and free from holes, bumps or uneven surface areas. Ponds, drains, pools or any unnatural water will be made safe or inaccessible to children.

Any outside water features will be kept safe, and inaccessible to unsupervised children. If children are involved in water sports, staff will ensure that a qualified lifeguard supervises them.

In the event of snow or ice on external walkways, staff will ensure that this is regularly cleared and kept safe.

Staff will make sure there is a regular supply of water available to children at all times, especially in hot conditions. In such circumstances, staff will also ensure that children are adequately protected from the sun, according to the provisions set out in the Health, Illness and Emergency policy.
